

Technical data

Bedding	Capacity (m³)	Width of the container (mm)	Overall width (mm)	Height (mm)	Unladen weight (kg)	Max. payload (kg)	Power requirement, approx. (kW/HP)	Dispensing rollers	Throw direction
1000	1.0	1000	1260	1800	360	300	30/41	2	Rear installation: on the left in the direction of travel
1200	1.2	1200	1360	1800	405	350	30/41	2	Front installation: on the right in the direction of travel
1500	1.5	1500	2000	1800	485	480	35/47	2	possible on both sides
1700	1.7	1700	2000	1800	530	600	35/47	2	
Turbo	Throw distance	Additional weight, approx. (kg)	Minimum additional length, approx. (mm)	Height from container bottom, approx. (mm)	Throw distance (m)	Slewing control of throw direction (°)	Stone trap	Straw bell	Drive speed
Front installation	All types of V-MIX Plus models	850	750	2130	up to 20	approx. 190	Standard equipment	Standard equipment	1000 rpm
Rear installation		650	450	2130	up to 20	approx. 190			1000 rpm
